

Honor a special person or event in your life through the Witness Tree Program.

The Witness Tree Program offers participants a unique way to honor a loved one or remember a special event by adopting an existing tree or planting a new tree.

It is both a memorial program and an adopt-a-tree program. For a minimum donation, you can commemorate births, anniversaries, graduations and other significant life events or honor a loved one with a tree planting or by adopting an existing tree. It is an enduring, living memorial that is accessible to all.

Plant a Witness Tree in Honor of:

Graduations

Births

Holiday Gifts

Weddings

Anniversaries

In Memory of a Loved One

And more...

Your tree is a gift to the ages and will be catalogued into the future.

The city's Urban Forestry Program will help you select the location, mark the location with GPS, not the special occasion that the tree commemorates and uplink this information to the Witness Tree Register website. This will establish a living legacy for future generations that will be able to look up and find information about a particular tree. You can access your tree and track the life span of your individual tree or grove via the website.

Trees can grow for several hundred years, making them an ideal memorial. Plaques or other signage are not needed because anyone can access the information from the website from anywhere in the world.

The Witness Tree Program serves the dual purpose of preserving and planting trees in the City of Vancouver and satisfying the community need for a way to commemorate special occasions in a positive and beneficial manner. The gift of a tree keeps growing and giving to the community for a lifetime. Orders received with payment between:

- ◆ January 1 and June 30 will be planted between November and January
- ◆ July 1 and December 31 will be planted between February and April.

Please note, the planting schedule may be affected by weather and availability of plant material.

Because humans have such a huge impact on the urban forest, it is our responsibility to act as wise stewards of the land and trees.
