Package Theft Prevention

Be sure to consider package theft prevention strategies when ordering items online. Packages delivered while you are away from home are easy and ideal targets for thieves.

Here are some tips to help keep thieves from nabbing your deliveries:

Pick up packages promptly after they have been delivered.

Ask neighbors to receive and store your package deliveries when you are not home.

Consider shipping the package to a relative that will be available to receive the package.

Require signature delivery to avoid the package being left unattended.

Request specific delivery times that are suitable to when you will be home.

Invest in a camera system to monitor your packages and home.

Send packages to a secure delivery, holding, or pick-up locations.

Many Parcel delivery companies offer secure locations for packages to be delivered and stored until you are available to pick items up. There are many companies and locations throughout Vancouver that offer these services. (Amazon has one at the Chevron market on the corner of Main St. and 39th)

If you see a package theft occurring, call 911. If you are a victim of package theft, please call 311 to report it to police and follow up by reporting the theft to the US Postal Inspection Service by calling 1-877-876-2455 or www.postalinspectors.uspis.gov
