

Community Transportation Electrification Cohort

The City is working to help more people, nonprofits, and businesses take advantage of the benefits of electric mobility (e.g. electric buses, electric delivery trucks, e-scooters, EV carsharing). Help us prioritize where “transportation electrification” investments should go to create the greatest benefit to your community.

Primary Responsibilities of Cohort Members

- Conduct community engagement activities as trusted liaisons within historically underrepresented communities.
- Advise City of Vancouver and Clark Public Utilities on transportation electrification priorities and programs to create the greatest benefit for your communities.

Cohort Overview

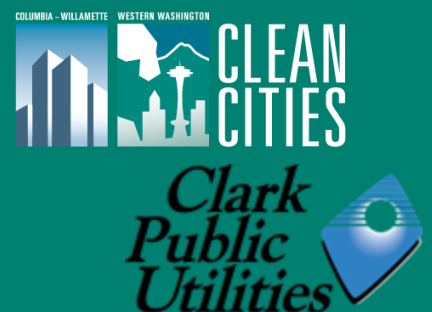

- February - July
- 3-4 community-based organizations + partners
- 9 sessions + outreach
- Compensation for cohort
